

## **Hart Industries Acquires E.H. Lynn Industries, Inc.**

Hart Industries of Middletown, Ohio is pleased to announce the acquisition of E.H. Lynn Industries, based in Romeoville, Illinois, on 4/1/21.

Hart Industries and E.H. Lynn Industries, two of the best-known companies in the industry, are teaming up to build a better company in order to satisfy the demands of our marketplace.

This acquisition will boost service capabilities to the Lynn customer base, as well as to the existing Hart customers in the Great Lakes and Midwest regions.

The move will strengthen Hart's position in the Dry Bulk, Food Grade, Petroleum and Chemical transportation markets. It will also increase our ability to provide hose and equipment to the Storage Terminal and Transloading markets.

Hart's position as the nation's leading bulk transportation hose provider will be enhanced by Lynn's equipment and accessories expertise.

The acquisition of E.H. Lynn Industries brings the total to nine Hart Service Centers located throughout North America.
